

Hidetoshi Miura

Senior Director, North America Commercial Development and Japanese Synergies,
Hitachi Rail STS USA, Inc.

Since joining Hitachi in 2001, Hidetoshi MIURA has worked for more than 25 years in the railway industry. He has contributed to Hitachi Rail's business expansion as sales manager, mainly in the UK, and in APAC region. During his stay in the UK from 2006 to 2015, he contributed to setting-up of Hitachi's first rolling stock maintenance depot in the UK and its operational organization for Class 395 fleet. He played lead role in commercial and finance for one of the biggest Rail PFI deal in the UK's rail history: "Intercity Express Programme". He was Board of Director of Agility Trains during 2012-2014. After his experiences as one of board director and executive officers in Hitachi High-Tech, one of Hitachi group company, he moved to the United States in 2023. He is currently responsible for commercial development and creation of Japanese synergies in North America. He also played director role in digital enhancement project for Hitachi Rail's digital railcar manufacturing factory in Hagerstown in Maryland.
